# Schedule Changes!

For the 2022-2023 school year, Stockton Junior High students have been placed on a team for scheduling Math, Language Arts, Science and History. All students have been scheduled into core and elective classes based on their finalized course requests.

Schedule changes will not be permitted unless an error has been made with a student scheduled into a course not on their requests. If an error has been made students or parents need to contact the students' counselor within the first two weeks of school. Counselors will make every effort to correct the students schedule.

**Schedule Change Forms are located in the Counseling Office 1015.**

**Due by Friday, 8/26.**
